

Self Assessment

1. From today's talk, what steps can I take to improve my personal precision in suicide risk evaluation? Check or circle those that apply:

Adding sources of information (PRIORS)?

Adding measures in evaluating risk? Which ones?

Evaluating for barriers to suicide?

Considering attempt status and vulnerability to suicide?

Inquiring about what fuels suicidal desire?

Inquiring about patterns of thoughts, emotions, etc. during suicidal crises?

Having a structured way to assess readiness for suicide?

2. Putting these steps into practice would require:
